The Artist's Guide to Animal Anatomy by Gottfried Bammes

Animal Drawing: Anatomy and Action for Artists. Learning to draw animals the right way helps a lot whether you want to become an illustrator, painter, sculptor, animator, or any other type of artist. The book Animal Drawing: Anatomy and Action for Artists teaches less about detailed anatomy and more about drawing.

...

This comprehensive introduction to animal anatomy is for artists who want to draw authentic-looking animals from their imagination. Marshall demonstrates that the core of this skill is in knowing animal bones and muscles, constructing them as three-dimensional forms, and practicing these disciplines until they become easy enough to let your impulses take over.
