*Lesson 4. Lesson learned is along the same lines with Apple, invest in what you truly believe in. Better yet, unlike Apple I waited for a moment of weakness to invest. If you look at any companies stock over the long term, you'll notice spikes all over the place. Usually those spikes coincide with very dramatic news that makes people skittish.*

*7. Fund Investors Do Better than Individual Stock Investors . This is a another piece of wisdom gained from my accounting and mortgage experience. There is a consistent pattern where people who invest in funds tend to have positive returns in most years. With individual stock investors, it's just the opposite. They tend to lose money every year.*
