Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Motronic Engine Management For Spark

Because I get asked the same ignition-related questions over and over, I thought I'd take a moment and write up an FAQ. Obviously, there are some car-to-car variations, but the basics of ...
