The DOE laboratories also provide additional opportunities for STEM training and education, annually engaging over 250,000 K-12 students, 22,000 K-12 educators, 4,000 undergraduate students, 3,000 graduate students, and 1,600 postdoctoral researchers. Learn more about WDTs experiential based STEM learning opportunities here.

Workforce Development for Teachers and ... - Energy.gov

A pendulum obeys the law of conservation of energy. At point C, the potential energy is dependent upon the height, and the rest of the total energy is kinetic energy. Although total energy is conserved, kinetic energy need not be conserved. A collision between two objects with conservation of kinetic energy is called an elastic collision.
